### THIRD PARTY GRADED COINS & CURRENCY

The coin market is speculative and unregulated. Many areas of numismatics lend themselves to third party grading and authentication. Such certification does not eliminate all risks associated with the grading of coins and currency. Grading is a subjective matter and opinions as to the grade of a certified or uncertified item can differ. Items graded by the various services carry the guarantees, if any, of that particular service. Securing performance on any such guarantee is strictly between the purchaser and the particular grading service. Coast to Coast may or may not agree with the grade assigned by the particular grading service. Buyer should be aware that grading standards of coins have changed from time to time in the past and may do so again in the future.

NO OTHER REPRESENTATION, WARRANTY OR GUARANTEE IS GIVEN EITHER EXPRESSED OR IMPLIED.

### GRADING OF 'RAW' COINS & CURRENCY

**Coins:** Our grading is based on Photograde and our interpretation of industry standards.

# A NICE SELECTION OF SCARCE 1896 SILVER CERTIFICATES

In 1896, the US released a series of 3 silver certificates - \$1, \$2, and \$5 (higher denominations were proposed but never issued). The common theme was the use of allegorical vignettes on the front to represent important themes & on the back to represent the profiles of 2 important American figures. The \$1 displayed 'History Instructing Youth' with George and Martha Washington on the back. The \$2 showcases 'Science Presents Steam and Electricity to Commerce and Manufacturing' with Robert Fulton & Samuel F. B. Morse on the back. Lastly, the \$5 depicts 'Electricity as the Dominant Force in the World' with Ulysses S. Grant and Philip Sheridan on the back. Many have considered these the most beautiful notes ever issued.

**1896. \$1. F-224. PCGS. Ch AU-58. PPQ.** Silver Cert. Well balanced margins frame vivid inks. The paper is bright and original. Only a small corner fold that just breaks into the design is all that appears to prevent a higher grade designation. . . . . #235110 **\$2995.00**
