**HAPPY NEW YEAR FROM COAST TO COAST!**

In January of 1984 an extra phone line was installed in a one bedroom condo in Silver Spring, MD and that was the start of Coast to Coast Coins. 2024 marks our 40th year in business!

We want to thank you for your support all these years and wish you a safe, healthy, and prosperous New Year!

## 1894-O Morgan Dollar

PCGS MS-65 

One of the finest known examples of this scarce date. PCGS has graded just 15 coins MS-65 and two 65+ while NGC has graded just 7 MS-65'S. Neither service has graded a coin numerically finer and just 3 of these coins have received  approval. The present coin is exceptionally nice with vibrant satiny luster over choice surfaces. The strike is as bold as you'll find for this date and while mostly brilliant, there is a subtle light golden patina that accents the eye appeal of this amazing coin. Destined to be a highlight in a top Morgan Dollar collection!

### THIRD PARTY GRADED COINS & CURRENCY

The coin market is speculative and unregulated. Many areas of numismatics lend themselves to third party grading and authentication. Such certification does not eliminate all risks associated with the grading of coins and currency. Grading is a subjective matter and opinions as to the grade of a certified or uncertified item can differ. Items graded by the various services carry the guarantees, if any, of that particular service. Securing performance on any such guarantee is strictly between the purchaser and the particular grading service. Coast to Coast may or may not agree with the grade assigned by the particular grading service. Buyer should be aware that grading standards of coins have changed from time to time in the past and may do so again in the future.

NO OTHER REPRESENTATION, WARRANTY OR GUARANTEE IS GIVEN EITHER EXPRESSED OR IMPLIED.

**Certified Acceptance Corp. (CAC)** ... is an independent third party that awards their approval to coins that they feel are superior for their grade - the best of the best! We are proud to be CAC members and carry quite a few coins that have their stamp of approval.

## Free Shipping on orders of \$500 or more.

### GRADING OF 'RAW' COINS & CURRENCY

# — Rare California Fractional Gold! —

We were delighted to purchase a collection that includes some very tough issues. We'll be adding these to our inventory over the next couple of weeks but wanted to start off with a few of the stars from this collection.

This is a lovely problem-free example with original lustrous surfaces that are lightly toned.

## 1855/4 One Dollar

NGC. MS-65 • BG-511

# Highlights from our One-of-a-Kind...

## 1795 Talbot, Allum & Lee Colonial Cent

**PCGS. PR-64 RD**

Orange-red mirrored surfaces with some slight mellowing. Only 4 pieces have been graded red by either PCGS or NGC with none finer. Old 'blue label' holder.

**Only \$4,250.00 #249504**

## 1796 Bust Dime

**PCGS. VG-8**

Outstanding for the grade with pleasing medium two-tone gray surfaces and strong, even detail. Marks are minimal and the eye appeal is excellent on this scarce, first-year United States dime!

**Only \$5,595.00 #249656**

## 1915 Lincoln Cent

**PCGS. PR-66+ RB**

Wonderful pebbled matte surfaces that are mostly red with a light lavender hue. Spotless and devoid of marks with exceptional eye appeal. Only 5 'red-brown' pieces have graded finer at PCGS.

**Only \$5,995.00 #237217**

## 1846 Seated Liberty Dime

**PCGS. AU-53**

Well struck with lustrous light silver-gray surfaces. One of the 'keys' to the series and super tough in any grade with just 31,300 coins minted.

**Only \$9,795.00 #249762**

## 1918/7-D Buffalo Nickel

**PCGS. MS-62**

A beautiful high end survivor of this rare over-date. Surfaces are very choice with an icy blue center framed by a delicate gold perimeter. The date, and the 8/7 in particular, is bold & the overall strike is well above average for this issue. Destined to be a cornerstone to an exceptional Buffalo Nickel set!

**Only \$45,000.00 #244835**

## 1916-D Mercury Dime

**PCGS. MS-63 FB**

A pleasing example of this rare date which is the 'key' to the series. Very sharply struck with rich lustrous surfaces that have a nice light golden tint.

**Only \$29,375.00 #241570**

## 1838-O Seated Liberty Half Dime

**PCGS. AU-55**

No Stars. Sharply struck and lustrous with no obvious 'rub'. The first New Orleans mint Seated Half Dime with a mere 70,000 minted.

**Only \$6,500.00 #243855**

## 1928-S Mercury Dime

**PCGS. MS-66 FB**

Blazing luster and a great strike with no significant marks. An outstanding example for the grade!

**Only \$7,500.00 #226734**

# ...Selections of Quality Collector Coins

## 1918-D Standing Liberty Quarter PCGS. MS-67 FH

Described in Heritage's 2/22 Signature Sale, "Ex: Simpson. This is quite simply one of the finest 1918-D quarters known". This is indeed a very impressive coin with stunning surfaces.

**Only \$49,500.00** #245516

## 1815/2 Bust Half Dollar PCGS. AU-50

Beautiful light silver-grey with bold detail and considerable mint luster remaining. A 'key' date with only 47,150 minted.

**Only \$9,500.00** #238344

## 1855 Seated Liberty Dollar NGC. AU-53

One of the more challenging issues in the series with a mintage of 26,000. The survival rate was extremely low as surging silver prices made it profitable to melt these. This example is well struck & retains considerable mint luster with a nice silver-gray patina.

**Only \$10,500.00** #249773

## 1881-CC Morgan Dollar PCGS. MS-67+

Booming white luster radiates with a very faint golden glow. Surfaces are virtually flawless. The neck and cheek on Miss Liberty looks fantastic and the strike is razor-sharp. Only 5 coins have graded finer at PCGS.

**Only \$22,500.00** #249852

## 1854-O \$3 Gold Coin PCGS. AU-58

The only New Orleans 'Three' with a mintage of 24,000. This issue saw heavy circulation resulting in a low survival rate & very few nice coins. This is an exceptionally pleasing example with strong detail & bright lustrous surfaces. Just 5 coins have graded finer at PCGS and the eye appeal of this coin is probably superior to most of those!

**Only \$26,250.00** #248434

## 1839-D \$5 Gold Coin NGC. AU-53

From the first year of the series & the only year the mint-mark is on the obverse above the date. This is a very nice coin from the tiny Dahlonega Mint. The strike is sharp & the surfaces are pleasing with no marks of significance. Only 18,939 minted.

**Only \$18,750.00** #249716

## 1858-O \$20 Gold Coin PCGS. AU-55+

A modest 35,250 minted and scarce in any grade. This is an attractive example with sharp detail and choice lustrous surfaces.

**Only \$37,500.00** #243846

## 1861 CSA Scott Restrike Half Dollar

**PCGS. MS-62 • Private Token**

Just 4 original CSA halves were struck. NYC coin dealer J.W. Scott purchased the dies in 1879.

He also purchased 500 1861 Seated Halves (allegedly O-mints), planed off the design of the Federal reverse & struck the CSA reverse. This is a particularly nice coin for the grade. The CSA side is well struck with beautiful problem-free surfaces that are original with light silver-gray toning. The 1861 obverse, which often comes poorly defined, is sharp with a bold LIBERTY.

**Only \$13,250.00** #248549

## Three Dollar Gold Coins

1854. PCGS. AU-55. Nice original lustrous surfaces. . . . . #221316 \$1795.00
- 1854-O. PCGS. AU-58. The only New Orleans 'Three' with a mintage of 24,000. This issue saw heavy circulation resulting in a low survival rate and very few nice coins. This is an exceptionally pleasing example with strong detail and bright lustrous surfaces. Just 5 coins have graded finer at PCGS and the eye appeal of this coin is probably superior to most of those! . #248434 \$26250.00
- 1855-S. PCGS. VF-35. A pleasing & problem-free example of this scarce date with original antique gold surfaces. One of the rarest coins in the series with 6,000 minted and very few survivors. . . . #225995 \$2995.00

1882. PCGS. MS-64+.  Extremely flashy with bright semi proof-like surfaces and lightly frosted design features. A beautiful example of this scarce date with no significant marks. Remnants of that 2 are seen above and under the primary 2. . . . . #246925 \$16500.00

1878. NGC. MS-63. . Attractive orange-gold surfaces and well struck. The strong & flowing luster provides great eye appeal. . . . . #249688 \$6250.00
